For bringing us the emergency on planet earth,
keeping us entertained with the happenings of the space cowboy,
capturing photos and setlists as the band continues travelling
without moving, making sure we are synkronized in this good
vibe zone, and guiding us while we journey throughout this funk
odyssey - we thank you for your dedication to Jamiroquai and their
fans and want to wish you and funkin.com a beautiful and happy
ten year anniversary.

Congratulations on Funkin's 10th anniversary!

David and Sharon,

Thank you for Funkin! You have been keeping us fans enlightened for an entire decade, and we are forever grateful for the time and effort you continually put into the site. Funkin does more than any other website... it spreads joviality; raising spirits on the most dreich, drab days and pretty much keeps everything funky!

To perchance upon this cosmic site is something of a miracle, so thanks twenty zero one times again!

Lots of love,

SMITA

**Congratulations
David and Sharon
for 10 years of bringing us the
funk, soul, and grooves of
Jamiroquai**

...OH MY GOSH – you **ARE** a real person! For 10 years, Funkin has been the classroom for our “**soul education**”. From knowing the virtual “David and Sharon” to meeting you both in 2005, it’s been such a pleasurable experience. I know sometimes it’s tough and you sacrifice time and money for the band and for us, and I want you to know that we notice – and your dedication is recognized and respected. Thank you so much for all you do that we witness, and all you do that we don’t see.

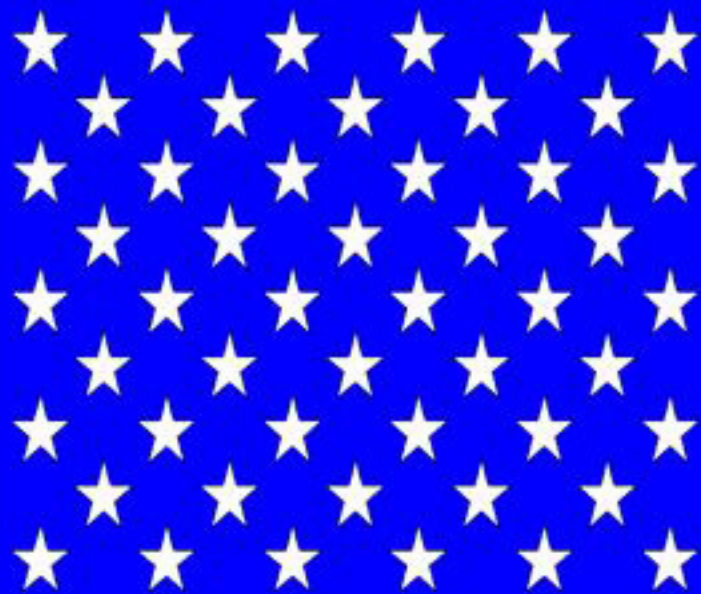

You both are gems.

With much character and love, Deesha

(and I don’t care what you say -
it’s LIE-CHESTER - damn it!!!)

I'm still groovin' and if I like it I do it...

*From all of the United States of America Fans,
we want to wish*

FUNKIN a VERY HAPPY ANNIVERSARY!

*For 10 years, you have provided a space to see
and hear the sights and sounds of our boys,*

Jamiroquai

*It's no secret that Jamiroquai info is limited here in the USA, so FUNKIN is where
we turn for everything, including the all important tour dates 😊.*

*THEY are the soundtrack to many of our lives and we want to thank you for
being such an important part of that! You are always welcomed across the ocean!*

Dear David and Sharon.

First time I visited The Funkin site was sometime in the mid 90's, it was a huge door opener into the wonderful world of Jamiroquai. I was already a fan, but my interest for the band immediately grew after that first visit. I don't know how many times I've visited the site over the years, here's hoping for many many many more visits!

Thank you for bringing the funk of Jamiroquai closer to the fans over the years!!!

Lots of love

HAPPY FUNKIN BIRTHDAY

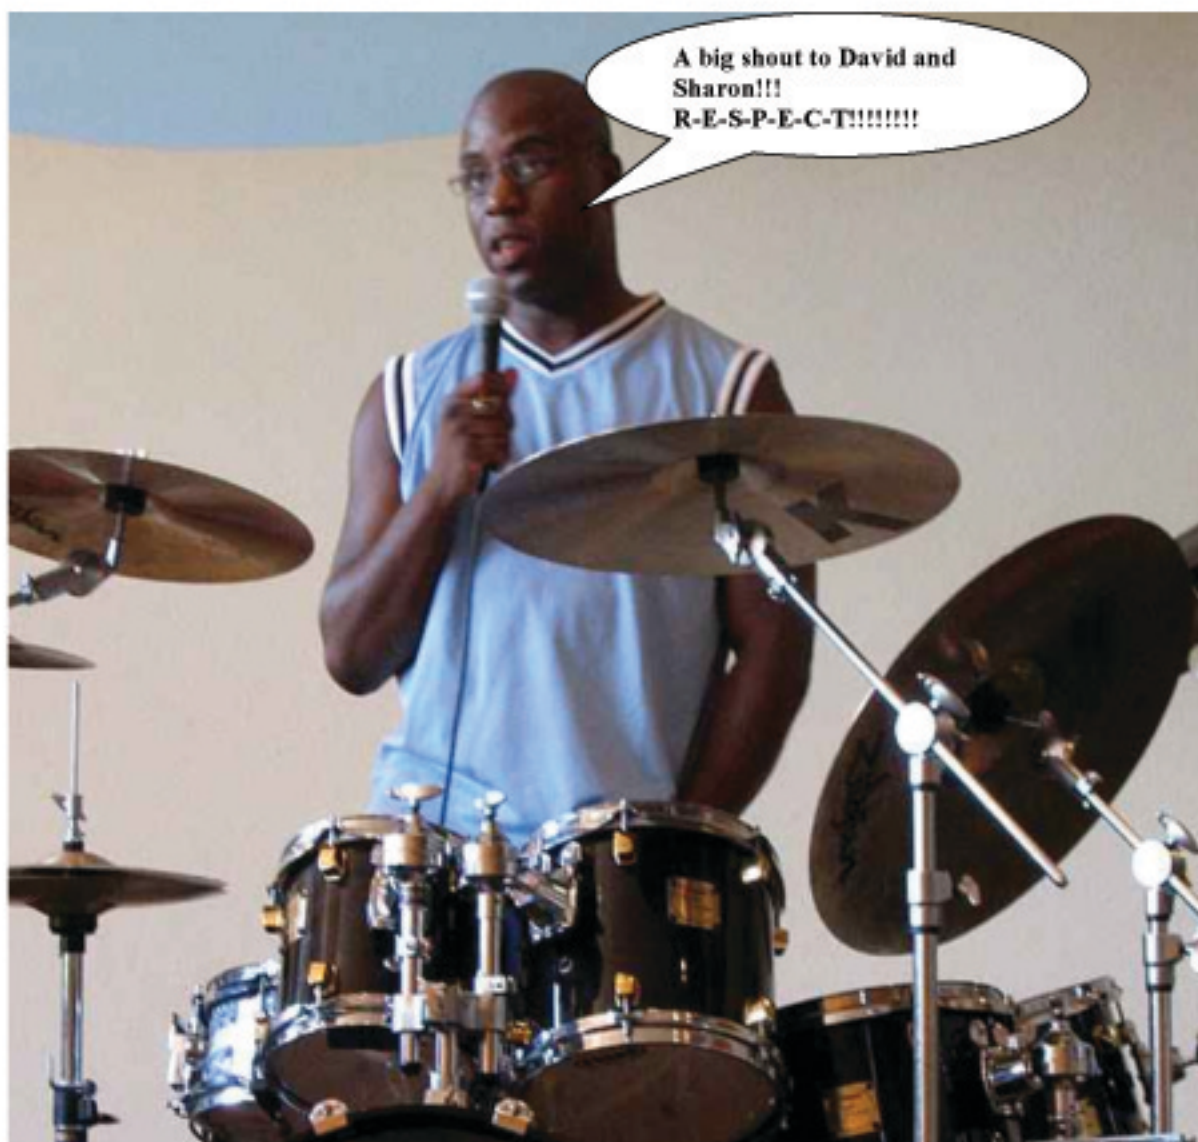

...from JamiroTalk.net

A group of five men are standing outdoors in various costumes. From left to right: a man in a black and white panda costume holding a guitar; a man in a white suit and tie; a man in a pirate costume with a black hat and red and white jacket; a man in a historical-style black and white outfit with a white cravat and a yellow sash, holding a guitar; and a man in a white suit and a large sombrero. They are standing in front of a wooden structure with a sign that says "THE GREAT ESCAPE". There are colorful balloons in the background.

If we switch it on, can we log straight off?
We know what it is, we just can't stop!
For the 24 hours every day, it's all ours
We've got, so much, Jami news
Got us under the thumb
And it's all fun, we can choose
What we want to read, which piece of news
Informative, as you are
It's top guarantee that you'll go far
Rock steady, as you can
You're such a friendly and giving man
People, wanna meet you so
If you cannot then you should know
That we're here now
Sitting, waiting for the Jami news until tomorrow!

Worldwide is where we live
Now it's time for us to give
You something, and soon enough
The Jamily's gonna have to get rough!!!

You are such a speed king!
Push the button and we're smiling
We can feel all the love inside
And there was you thinking that we just stopped by

All along we see you surfing
We want to say we're not joking
The evidence in your hard work
Makes us totally berserk!

Did you really think that we'd forget?
That you always give but never get
Have to stand up and get on down
To Jamiroquai's wonderful sound
Your countless time and dedication
Leaves us asking just one question
Have I made a friend today?

We would also like to say:

**When we switch it on, we won't log straight off!
With Funkin.com we'll never stop!**

This is what I was like before I found Funkin.com

But thanks to both David & Sharon, I'm a happy Jamiroquai lady...

Dear David!

Time is running away isn't it ?
I haven't been here from the beginning,
but since I've known funkin.com,
I check it nearly every day!

U are doing such a great job there and the most important thing is...
u connect the fans with the band & we all appreciate that so much!

I also want to take the opportunity to say THANK U again.
The day u contacted me to ask me to help out at the official website
definitely changed my life! Otherwise, I am sure I wouldn't be in
London this summer celebrating with the Jamily!
I have got to know a lot of so lovely and special people (you included)
and my passion for jamiroquai started growing even more!

Congrats and all the best from Sandra aka Sandriche! 😊😊😊
